What is this product?

Type: This Investment Fund is a sub-Fund of Legal & General UCITS ETF Plc (the "**Company**"), an umbrella investment company with variable capital and segregated liability between Funds. The Fund is authorised in Ireland and regulated by the Central Bank of Ireland.

Term: There is no fixed maturity date.

Objective: The investment objective of the Fund is to provide exposure to publicly-listed companies from across the world that are involved in the cyber security industry.

The Fund is passively managed and aims to track the performance of the ISE Cyber Security® UCITS Index Net Total Return (the "Index"), before the deduction of fees and expenses.
The Index is designed to provide exposure to global companies that are active in the cyber security industry, in accordance with its methodology.
The Fund seeks to achieve its investment objective by investing primarily in equity securities that, as far as possible and practicable, make up the Index in similar proportions to their weightings in the Index. Where it is not possible or practicable to invest directly in all of the constituents of the Index, the Fund may also invest in equity related securities and instruments that are not constituents of the Index but have similar risk and performance characteristics, and may use financial derivative instruments for efficient portfolio management or to assist in tracking the performance of the Index.
The Fund promotes a range of environmental and social characteristics which are met by tracking the Index. Further information on how such characteristics are met by the Fund can be found in the Fund Supplement.
This Share Class does not intend to pay dividends. Any income which may result from the Fund's investments will be re-invested into the Fund.
Shares in this Share Class (the "**Shares**") are denominated in CHF and can be bought and sold on stock exchanges by ordinary investors using an intermediary (e.g. a stockbroker). In normal circumstances, only Authorised Participants may buy and sell Shares directly with the Company. Authorised Participants may redeem their Shares on demand in accordance with the "Dealing Timetable" published on **http://www.lgim.com**.
The depositary of the Fund is the Bank of New York Mellon SA/NV, Dublin Branch. Further information about the Fund and the share class can be obtained from the Company's prospectus and the annual and semi-annual reports, which are available, in addition to the latest prices for the share class and details of any other share classes, free of charge at: **www.lgim.com**.

Intended Retail Investor: The Fund is designed for investors looking to grow their money in an investment which can form part of their existing savings portfolio. Although investors can take their money out at any time, the Fund may not be appropriate for those who plan to withdraw their money within five years. The Fund is not designed for investors who cannot afford more than a minimal loss of their investment.
